

Northbridge Examination Circular 2026

Section A - Examination access

Students should check their attendance and assessment status before the examination period. A medical attendance adjustment under AR 2.4 must be approved before the examination date. Examination venues open thirty minutes before the scheduled start.

Section B - Illness on an examination day

A student who is too unwell to attend an examination should notify the school as soon as practicable and submit medical evidence through the mitigating-circumstances process. This circular does not create an absence allowance for family celebrations, travel disruption, or social events.

Section C - Conduct

Students must bring their University identification and use only permitted materials. Devices must be switched off and stored as directed. Invigilators may report suspected misconduct for investigation.
